

Caring For The Hurting

In Stauros our main emphasis, has and always will be, about befriending the hurting and building relationships with them - to help them navigate life and to help them see Jesus Christ. We realize that people are reached in many different ways and we want to continue learning from, and helping, each other with our roles of 'ambassadors for Christ'!

We are excited to have completed a workshop entitled '**Caring For The Addicted through Discipleship**'. It is a discussion-oriented presentation which looks at four objectives:

1. Understanding addiction as a spiritual issue
2. Understanding the church's role in helping
3. Understanding Jesus model of discipleship
4. Understanding 'my' role as a disciple

Our goal is to educate and equip men and women as they reach out to individuals, within their circle of influence, and learn more about why they 'do what they shouldn't do' and/or 'don't do what they should do'! It is not always addiction, rebellion, etc. that causes them to continue making poor choices - sometimes it stems from a misunderstanding of how they are 'wired' by God.

Please contact us for more info. on this workshop. We will provide you with a summary of material covered as well as the time frame required to cover all the contents.

Mission Rally

Thanks to Central Chapel (WV) for supporting us for many years and for inviting us to their '2018 Mission Rally'. Stauros Alive! will be sharing songs of worship and John Burghauer will provide an update of what Stauros has been doing over the past year. (Feb. 23-25)

SNL Coffeehouse

Make plans to join us for our opportunity to return to SNL Coffeehouse at North Glen CC on April 21. Doors open at 7:00 and Stauros Alive! will play from 8-10:00pm. snlcoffeehouse.wixsite.com

Traveling to Ireland

Please pray for a group of men traveling to Northern Ireland March 2-10. We will be attending training courses at Straidhavern and visit several churches to preach & share about Stauros in the USA.

Additional prayer needs (John & Peggy B):

The men and women with whom we meet- that they would truly get to know The Lord!

Peggy's health (arthritis and associated pain)

John's health (back & neck pain - migraines)

Outreach through concerts and church services

Development of training materials

Continued financial support
